SUMMER DAZE 2024

Next week is MINI METEOROLOGIST

What kind of cloud is that? How fast is the wind?
What makes thunder? Join us this week and learn
about weather.

Each Tuesday is Water Day:

Swim suits can be worn, or you can simply send a new set of clothes for after the event. Since the kids will be running around outside, I would suggest water shoes, at the very least send a second pair of shoes to change into so they are not wearing wet shoes for the rest of the day.

Kids may bring water guns or water toys.

We will have various water toys to play with and a splash mat and sprinkler available.

The timing of us being outside for the water play will depend on the weather.

There is no additional fee to participate in the water days.

Chalk, Bubbles and other toys will be available for kids who do not want to get wet.
