St. Peter Schaumburg Update

Dearest St. Peter Family,

Due to the influence of Covid-19 and in the interest of health the facilities of St. Peter will be closed for all purposes beginning Wednesday March 18 until further notice. Only essential staff will be in the building during office hours. All other staff will be working remotely. The phones will be monitored and both pastors will be on call.

While the doors will be closed much will be happening.

1. Our worship services will be posted on our website. This includes the midweek Lenten service and the weekend service as well. While we can give you the full worship experience such as hymns, liturgy, offering options, and prayers we will not have Holy Communion until we are able to worship together again. Check it out tomorrow afternoon at StPeterLCMS.org. Previous sermons are currently available at stpeterlcms.org/sermons.
2. The Red Letter Challenge continues and both pastors will create a bible study video each week.
3. The pastors are teaming to write a daily devotion during this season of unrest.
4. Our school children are still receiving an education through internet based services.
5. Ted Fischer is engaging the youth creatively through electronic means.
6. Pastor Greg is looking at ways that we can be of assistance to any older adults that may be in need such as making a grocery store run.

If you know of someone who does not have email please share this information with them.

One word I never liked is “cancelled.” In reality we are not cancelling, but are taking a creative approach to ministry. The church doors may be locked, but the Word of God cannot be contained! As we meet over these topics we are reminded that now is the time to be CHURCH. We all know that church isn’t a building. It is people gathered around faith in Jesus Christ. He is the only stable force in this crazy world. We will walk through this together with the strength of God on our side as we live out our mission of Loving People, Serving the World!

+Peace in Christ+
